

You

You striked with your dart,
so deep in my heart.

I want to stay,
in my beautiful dreams,
To experience my desire,
So perfect it seems.

You brighten up,
the surrounding of mine,
Your inside colors,
let my world shine.

You are the melody,
The music in my ears,
You are the reason,
to forget all my fears.

I only can provide
my heart for you,
Please hold me tight,
This exposes an issue:

Your nearness,
I cannot resist,
Even I know,
this love will never exist.
